Your Weekly Horoscope

ARIES
(March 20 – April 19)

You may feel an energy boost at mid-week. Use it to complete a project that requires focused discipline. Carefully consider any impulse to pivot in a new direction regarding it. Lucky numbers: 4, 5, 9, 20, 44, 46.

TAURUS
(April 20 – May 20)

The three outer planets have moved from earth and water to fire and air. Does this shift feel uncomfortable? Use your perseverance to flow with these energies rather than resisting them. Lucky numbers: 16, 27, 32, 41, 43, 44.

GEMINI
(May 21 – June 20)

Geminis often approach situations from a highly intellectual perspective. For the next weeks, however, the Universe may ask you to adjust your view to add more heart and passion. Lucky numbers: 11, 13, 18, 25, 43, 47.

CANCER
(June 21 – July 22)

At mid-week, you may run into an obstacle to your plans from someone with a stake in the outcome. Take a step back and ask where they might have a point. Lucky numbers: 10, 14, 21, 27, 39, 43.

LEO
(July 23 – Aug. 22)

Leo is associated with heart and courage. This week may bring an opportunity that requires both. Be sure you act on it in a way that is fair to all concerned. Lucky numbers: 1, 6, 17, 23, 38, 41.

VIRGO
(Aug. 23 – Sept. 22)

Pluto in Aquarius calls you to a higher form of service. It may require an adjustment in your view of who you are and the role you play in the world. Lucky numbers: 2, 8, 11, 28, 31, 36.

LIBRA
(Sept. 23 – Oct. 22)

The highest purpose for Libras is to help humanity find balance, harmony and peace. It is important you stand your ground in this task now, even though it is hard. Lucky numbers: 5, 12, 23, 33, 40, 43.

SCORPIO
(Oct. 23 – Nov. 21)

Your ability to deeply see others' truths may tempt you to be skeptical of humanity's future. That is understandable but we need your truth telling skills now more than ever. Lucky numbers: 17, 26, 31, 41, 43, 48.

SAGITTARIUS
(Nov. 22 – Dec. 21)

Your natural optimism is given a boost early in the week. It can help you achieve what you desire to manifest. Just be careful of any temptation to over-reach. Lucky numbers: 8, 13, 26, 29, 34, 41.

CAPRICORN
(Dec. 22 – Jan. 19)

At mid-week, others may feel that you are being stubborn about something of interest to both of you. Take a step back and consider if they might be right. Lucky numbers: 3, 4, 13, 40, 45, 46.

AQUARIUS
(Jan. 20 – Feb. 18)

Aquarius can naturally sense how humanity's evolution might unfold. Your gift is to bring that understanding to the rest of us. An opportunity for this is in play at week's end. Lucky numbers: 12, 14, 26, 34, 37, 40.

PISCES
(Feb. 19 – March 20)

Pisces deeply feels the pain of our chaotic world. Nonetheless, strive to find a helpful role among humanity. Where can you help relieve the tension of our collective dissonance? Lucky numbers: 7, 9, 14, 25, 35, 44.

Lucky numbers this week: This week's odds favour Sagittarius winners with the luckiest number being 29.

Did You Know...

Doughy history: France's famous croissant actually began in Austria, where a crescent-shaped pastry called *kipferl* was already part of local baking. Its form inspired the treat now linked with French bakeries, long before it became a breakfast favourite.

Calm seas: The Pacific Ocean got its name from Ferdinand Magellan after his voyage brought him into calm waters. "Pacific" comes from a word meaning peaceful, reflecting his first impression of this particular ocean.

Bump reflex: Goosebumps appear when tiny muscles pull each hair upright, creating small bumps across the skin. This reaction can happen during strong emotion as well as cold, showing how our bodies still carry an ancient insulating response.

Frozen filter: When seawater turns to ice, much of its salt is pushed out, leaving the frozen surface far fresher than the ocean below. After years of this natural filtering, melting sea ice can release water that's surprisingly close to fresh.

Crystal balance: Deep in your inner ear sit tiny natural crystals that shift whenever you move. Their small movements help your brain understand direction and keep your sense of balance steady, even during simple everyday motions.

On the Lighter Side

What hotel does cheese stay in? Stilton.

The failed poet decided to leave the writing process to the prose.

Knock! Knock! Who's there? Fido. Fido who? Fido go away, will you miss me?

Take it from a scientist: Never believe atoms. They make up everything.

Navy jet pilot: That is it! We're flying faster than the speed of sound!

Co-pilot: What?
